

## TB3266 Pocketbook

Urban Classics

### Fő tulandonságok

You should always have a pocketbook at hand. Either for work or leisure stuff or to write down thoughts that are worth pursuing. Of course, a phone number or e-mail is quickly noted as well and as a travel diary the elegant notebook is for sure the right companion. The exterior is made from fine synthetic leather with slanted Urban Classics letterings. Keep the personal pocketbook safely closed by making use of the elastic fixing strap. In addition, you will find an elastic pen loop.
