

## TB3652 Ladies Stretch Stripe Dress

Urban Classics

### Fő tulajdonságok

Sporty and feminine at the same time: equipped with this dress of comfortable stretch jersey you will draw attention – guaranteed. It clings seductively to your body and boosts your figure to full advantage. No unnecessary detail disturbs its design: the minimalist summer dress pleases instead with a rhythmic horizontal stripe pattern, mini-length and sporty features such as short sleeves and a ribbed round neckline. For women who know what they want – and who get what they want, too.
